PETITION UNDER 37 C.F.R. §1.48(a)

To: Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Petition is hereby made to correct inventorship on the above-entitled application by the following:

1. Naming an inventor, Nicolas Steven Gee, not originally named in the application; and
2. Removing Francois Bertelli and Visaka Udeni Karalliadde Dissanayake, originally named as inventors in the application.

The error in inventorship of the present application was made without any deceptive intention on the part of the actual inventors.

This Petition is made diligently since the error was discovered following the filing of the present application on 16 September 1999. Due to the error in inventorship, Applicant was unable to meet the requirements of 37 CFR 1.63 to file an Oath or Declaration signed by the inventors. Indeed, the USPTO issued a Notice of Missing Parts on October 8, 1999, requesting the Oath. Applicants requested a two month extension to respond to the Notice of Missing Part in order to ascertain inventorship and to obtain signatures of the correct inventors in the present application. A response to the Notice of

Missing Part attaching a copy of the Oath is being filed on the same day as this Petition to Correct Inventorship.

This Petition is accompanied by (a) a statement of the facts verified by the original named inventors; (b) a new declaration by the actual inventors; (c) the fee as set forth in 37 C.F.R. 1.17(h); and (d) written consent of the assignee, Warner-Lambert Company.

The inventors of the present invention should be Jason Peter Brown and Nicolas Steven Gee.

A grant of this Petition is respectfully requested.

Respectfully submitted,

By:
